## THE FIRST INDIVIDUAL STAMP THAT MAKES AN IMPRESSION IN FOUR COLOURS

Trodal now has something that others do not. Multi Color Impression – the first colour stamp, available right now for many Trodat models. The four colours can be individually combined as required. Anyone who owns one will make a unique mark – and a lasting impression. However, what we are especially pleased with is that as a result of this innovation, the world is a brighter and more pleasant place. MULTI COLOR IMPRESSION. NEW FROM TRODAT RIGHT NOW.

Bringing Knowledge to Life

Whether you're printing in the office or at home – in color or in black and white – on inkjet, laser printers or copiers - PaperOne™ with ColorLok® Technology delivers superior results with more vivid colors, bolder blacks and faster drying time than ordinary papers. Supported by major printer brands, PaperOne™ with ColorLok® Technology is independently tested for consistent quality and reliability you can trust.

## What is ColorLok? Technology

Colours are more uniform and vivid!

**VIVID Colors**

As much as ColorLok® Technology keeps black inks on the surface of the paper, it also prevents colour inks from penetrating too deeply. Your color documents print more uniformly, and the colors are now more vivid and vibrant!

ColorLok™ technology produces darker blacks.

**BOLDER Blacks**

Documents printed on PaperOne™ Office Papers with ColorLok® Technology boasts darker blacks and deeper, richer grays.

Ink Dries faster hence less smearing

**FASTER Drying Time**

ColorLok® Technology enables ink to dry faster especially when printed on ink-jet printers. No more worries of ink smudges on your fingers when you retrieve the printed documents!

# CHAMEX

INTERNATIONAL PAPER

NEWLY INTRODUCED

All Chamex® paper respects nature and is produced from 100% planted renewable forests. With paper perfect for every use, the Chamex® line guarantees the best results you look for: better quality and environmental responsibility. Use Chamex®, Nature will thank you. Chamex®, a nature-friendly specialist in paper.
